TAIWAN INTERNATIONAL PATENT & LAW OFFICE

Long-standing Reputation—

Founded in Taipei, Taiwan since 1965 by Mr. M. S. Lin and a group of technical specialists, TIPLo has evolved into a full-ranged IP-oriented law firm with more than 250 professionals and staff members.

TAIWAN INTERNATIONAL PATENT & LAW OFFICE

TOP of the Grade—

In this ever more competitive era of 21st century, TIPLQ has reinforced its position as one of the top class IP law firms with its outstanding records both in case volume it handles and the quality of services provided.

Trust and Growth—

TIPLo moved into its current location at Nan-king East Road in 1980, and has since grown five folds in number of staff members and ten times in office space, which fully reflect the heavy trust of our clients placed on TIPLo, and the scale of duty thereof.

Patent

Up-scaled and Modernized—

70 engineers and patent agents are seated at one integrated office floor of nearly 2000 square meters, and they handle more than 5,500 patent applications each year.

Relax and Concentrate—

Sophisticated Online connection with the rest of the firm and OA facilities enable our staff members to fulfill their duties, despite that they are spread out over eight floors at the same building, more efficiently, accurately and perhaps, more pleasantly

## Litigation and Dispute Resolution—

IP enforcement has long been one of the strong features of TIPLo since the 1980s. Beyond more conventional piracy and counterfeit crackdown procedures, patent infringement litigation and license negotiation that demand expertise from both legal and technical professionals have also ascended to our top agenda in recent years.

## Trademark

### Vanguard of the Industry—

TIPLO's veteran trademark attorneys and staff members have what it takes to obtain crucial marks that guard and guide the business of our clients to full-blossom success, and the seamless teamwork among members of legal departments, patent department and trademark department more than often proves invaluable in tackling trademark issues of great consequence.

Meeting & Conference—

TIPLO's flexible design of the meeting place provides transparent and ample space for all occasions while strict privacy could be secured if demanded.
